CONNECTED CLASSROOMS

Video Conferences and Virtual Excursions – Permission Note

Dear parent/carer

As you may be aware, both the library and the technology room are set up as connected classrooms enabling video conferences between schools and other organisations and virtual excursions all over the world.

Parental permission is required if students are to be involved in any video conference or virtual excursion.

We ask that you complete a permission slip for each of your children to allow them to participate in video conferences or virtual excursions as they may occur throughout the year.

Notification will be given if students are to be involved in either a video conference or virtual excursion and any cost will be included in your term invoices. Video conferences between schools do not usually incur any charge but there is a charge for virtual excursions to some organisations eg. NASA.

Please return completed permission slips to your child’s class teacher ASAP. This permission will be for 2011.

Jo Graham
Relieving Principal
